Leprosy	In the Bible, leprosy was a visible infection of the skin. There was no cure for the disease, which left a person disfigured, with the loss of fingers, toes and eventually limbs (arms/legs). People with leprosy were alienated from their communities and were made homeless. They had to find shelter outside of the towns and villages.
Refugee	A person who has been forced to leave their country in order to escape war, persecution, or natural disaster.

In this unit, we will consider how Jesus helped those in need over 2000 years ago. We will also learn about how Christians try to put Jesus' Gospel into practice in 2020 and we will reflect on what it means to help the needy.
